

The Scientific Reports of the Kyoto Prefectural University

Agriculture No. 32

Contents

Agriculture

Studies on the effects of mutagens on cultured cells of higher plants II Radiosensitivity in callus tissues of <i>Phaseolus vulgaris</i> L. cv. Kentucky WonderS. MORI, H. NAKANISHI, S. SHIOJIRI and M. MURAKAMI...	1
Studies on the mechanism of greenish spot disorders in persimmon fruitsY. SOBAJIMA, M. ISHIDA, H. GEMMA and H. HORIGUCHI...	8
<i>In vitro</i> culture of young embryo in Hiratanenashi persimmonM. ISHIDA, A. INABA and Y. SOBAJIMA...	20
Use of interspecific hybrids of <i>Capsicum</i> as rootstock for green pepper growingS. YAZAWA, T. KENMI, N. UEMURA, K. ADACHI and S. TAKASHIMA	25
An indispensable substance for the zoospore-separation of <i>Phytophthora capsici</i> the centrifuged residue of zoosporangium, containing within cucumber juice mediumY. MIYATA, K. WATANABE and K. KATSURA...	30
Movements of β -sitosterol during the zoospore division in <i>Phytophthora capsici</i> zoosporangium ...Y. MIYATA, T. OSUGE, H. TANAKA, M. YOSHIKAWA and H. MASAGO...	39
Morphology of the immature stages of <i>Marasmia latimarginalis</i> (Hampson) (Lepidoptera : Pyralidae).....Y. YOSHIYASU...	51
Studies on the method for measuring egg shell strength under compressive forceY. KUNIMATSU, T. IWAI and S. YOSHIDA...	56
Effect of feeding a large amount of high starch ration on the rumen fermentation and the starch appearance in the abomasumY. KOJIMA and M. OKADA...	66
On the differences in consuming-purchasing behavior as to perishable foods among three cities, Kyoto, Osaka and Kobe—An investigative study using semantic differential method—C. FUJITANI and Y. KISHIMOTO...	75

Forestry

Water absorption and rooting of <i>Chamaecyparis obtusa</i> cuttings.....M. TOKUOKA...	84
Studies on dry matter production in sapling stands of deciduous broad-leaved tree, <i>Camptotheca acuminata</i> DECNE.....H. SAITO...	94
The diffusion of solute through wood saturated with water IV (4) On the diffusion rates of the bivalent electrolytesM. FUKUYAMA, H. URAKAMI and I. IIDA...	101
Studies on the shearing characteristics of weathered granitic rock —Effect by the degree of weathering and the grain-size distribution on shear strength—.....H. HIURA...	110

Properties of particleboards from the thinned wood of Sugi (<i>Cryptomeria japonica</i> D. DON) II.....	H. KAJITA, J. MUKUDAI and S. YATA... 121
On the influence of air pollution on the forest trees.....	T. HONJYO, T. SENOO and Y. SHIONO... 125

Agricultural Chemistry

Biogeochemical studies on the absorption of fluorine by plants.....	H. YAMADA... 138
Biochemical studies on carbohydrates of fungi III Chitin of <i>Rhizopus delemar</i> and of <i>Russula pseudodelica</i>	S. FUJII, M. KAWARADANI and H. SHIGA... 171
Optical studies on the purified eggplant trypsin inhibitor	M. KANAMORI, T. ASAO, M. KOTARU, A. KATSURADA and F. IBUKI... 175
Studies on the neuraminidase from chick chorioallantoic membranes	F. IBUKI, M. KOTARU, H. OSUGA, S. YOSHIDA, N. KAWAGUCHI, H. DOI and M. KANAMORI... 180
Molecular properties of <i>Bacillus thermoglucosidius</i> exo-oligo-1,6-glucosidase	Y. SUZUKI, N. NAKAMURA, Y. MIZOGUCHI and S. ABE... 190
